

Dental Coaching Academy

Level 7 Postgraduate Certificate in Leadership Coaching and Mentoring

A powerful and practical programme for dental professionals seeking to develop their career by supporting others. Coaching and mentoring are highly rewarding activities - for everyone.

The certificate combines face-to-face tutoring in three modules with online learning, telephone tutorials and supervised coaching. This qualification benefits individuals **and** builds a coaching and mentoring culture in organisations.

Successful completion means credits can be used to progress to a Diploma in Leadership Coaching and Mentoring with the Chartered Management Institute. These portable credits are also recognised by other awarding bodies too.

"The course fulfilled Denplan's specific needs. Juggling the commitment with working lives is challenging, yet has given so much more to the delegates than expected."
